## Message from Melissa

One week to go! It has been an exciting fortnight at Kerry Street! Read on to find out more about the wonderful activities our students have taken part in!

I am very excited to report that the focus for my message this week is Sustainability and Waste Management! I shared earlier this term that our school was successful in achieving a Sustainability grant from Cockburn City Council. A huge thank you to Effie who led the charge with the application and Mim, Shona and Britta who assisted. We have already made use of the funds we received! Last week all students participated in a Living Soil incursion (see more below). This week we have finally replaced our bin system around the school! We now have a 6 bin system. This was shared with the school at our community meeting this week but in case you missed out see below for more information. Thank you to Joel, our Waste management leader who helped design the labels for our new bins!

## General Waste Landfill

## Incursions Galore!

This week we were incredibly lucky to be visited by City of Cockburn Rangers Kylie and Janine, along with the Council's resident safety training dog, Ranger Annie, who spoke to us about Dog Safety.

Students from each class learnt about safe dog handling, how to safely approach dogs, how to identify dogs deemed 'dangerous', the role of a ranger, how rangers catch dogs safely and council rules regarding dog ownership.

We enjoyed hearing from and speaking to Ranger Kylie and Janine, and of course loved meeting and petting Ranger Annie.

Thank you to the City of Cockburn for providing these information sessions. Both students and staff left the sessions with new learnings. We hope that the skills we learnt will support us all in approaching and caring for dogs safely.

Last week The Living Soil expo came to Kerry Street! Angela Rossen, a local scientist, and art guru came to our school to share her wisdom of science and art whilst exploring the micro-organisms in our soils!

We found springtails, worm eggs, earwigs and so much more! Students were encouraged to bring a soil sample from home to explore, and we also found samples from around our school.

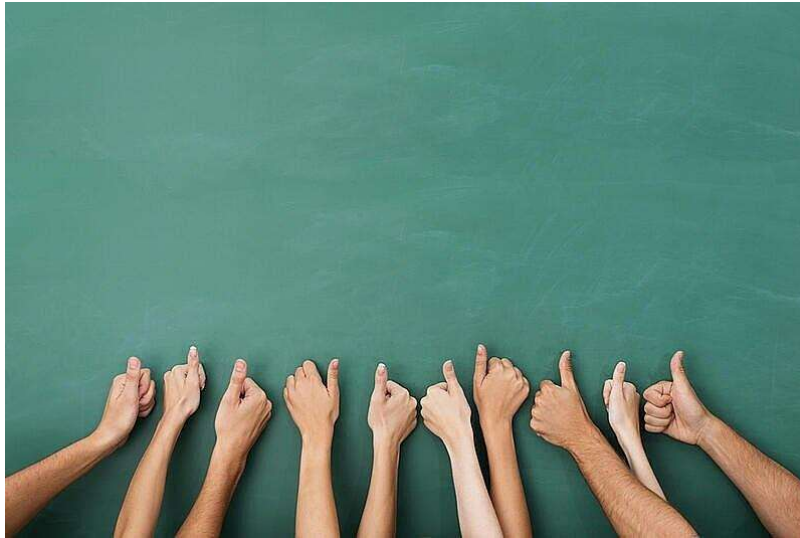

Students were also given the opportunity to look at the microorganisms in closer detail through sketches and diagrams. They took a moment to look through all the pictures, and then had a go at drawing their own!

Thank you, Angela, for teaching us about the soil within our community. We learnt how to identify and promote healthy soil!

Kind regards,  
**Taylah Griffin**  
Deputy of Teaching and Learning

## Community Jobs

Don't forget Community jobs timesheets are due Monday the 27th of June (week 10). If you need help finding jobs please see Vanessa or Linda.

## Drama Production

As Term 2 is wrapping up, unfortunately so is our Drama. Yokine Mia and Kaarla Mia have been working extremely hard to put together some Drama Productions to hopefully show off to the the Kerry Street Community.

On Thursday the 30<sup>th</sup> of June, we plan on showing these productions after school at 3:30pm in the hall. We have chosen this time as we think most parents are able to come and watch.

These productions are free entry, and we hope to see you all there!

# School Camp 2022

We are very pleased to announce that with the easing of vaccination restrictions, our 2022 whole school camp can proceed as planned!

Our school camp for 2022 will be held at Donnelly River Village, in Week 10 of Term 3, between Monday the 19<sup>th</sup> September to Thursday the 22<sup>nd</sup> September 2022.

Below is a camp information booklet, which provides you with as much detail as we currently know.

A Camp Information meeting will be run on Wednesday the 29<sup>th</sup> June (week 10). Additional information will be provided and there will be opportunities for any who has camp related questions.

Could all families please complete the following form indicating your attendance for camp by the 28<sup>th</sup> June:.

<https://forms.office.com/r/kBKSGfbWat>

All adults attending camp will require a current Working with Children's Check, if you need assistance with this, please contact Linda.

If you are interested in joining the camp committee to assist in finalising finances, assigning accommodation, organising activities, logistics and rostering, donations/fundraising, catering/food organisations and assisting with the general organisation and planning of camp, please send me an email.

Lastly, for any queries relating to camp, please contact myself or a member of the Camp Committee (listed on the final page of the information booklet).

**Taylah Griffin**

Deputy of Teaching and Learning

## Reminders

**Please remember it is very important to sign your children in at the front office if you arrive after 8:45am.** Doing so ensures we have accurate records of attendance but, **more importantly, that we have accurate emergency evacuation lists.** This allows us to ensure everyone is accounted for in the event we are required to evacuate the premises.

Please note that **absences** should be emailed to:-

We are super excited to have won a 'Bike Safety Check' session, thanks to the Term 2, Super Boost for 2022!

We were eligible to apply for Super Boost, after jumping right into the 'Your Move' program this year and submitting our Start of Year Hands Up Survey and achieving a Bronze Accreditation in Term 1.

On Tuesday the 2<sup>nd</sup> of August, next term, at no cost to our school, we will have a team of bike mechanics set up for a full day at Kerry Street, to provide comprehensive safety checks and basic bike services. The mechanics will also provide advice on any additional repairs required or replacement parts needed.

This is such a great Your Move program to receive, as it helps to ensure the safety of the bikes our students are using on their journey to and from school. It is also great timing to get the students' bikes checked just before going on camp!

Please click on the following link to sign up to have your child's bike checked. As it takes approximately 20 minutes to service and check each bike, there is a limit of 30 bikes, so please ensure you register your child's bike, if you would like it checked. Spots will be given on a first come first serve basis. I will send out a confirmation email the beginning of next term if you have been successful in securing a place.

<https://forms.office.com/r/EZRGg4Bsw0>

Thanks goes to the Department of Transport Your Move Program, for providing us with this Bike Maintenance session.

Please do not hesitate to email Taylah if you have any questions.

## Parking

**Please be aware I have received correspondence from the Council advising that parents who continue to park on the median strip and/or on the verge of neighbouring properties will be fined.**

Like parking at every school, ours is limited in terms of its availability, making school drop offs and pick ups a bit of a headache from time-to-time. We are aware of the issues our site causes and are investigating options for additional parking.

Please click the link below to read more about parking at Kerry Street.

**Please be aware that you may be fined for parking illegally, we have had rangers visit our area at drop off and pick up times.** For more information please see <https://www.cockburn.wa.gov.au/Health-Safety-and-Rangers/Parking-and-Vehicle-Control/Parking-Laws-and-Guidelines>

# Communication for Healthy Relationships

Why is it sometimes so tricky to simply get along?  
Ever wondered if there's a way to connect with those around you?

THIS TWO-DAY FOUNDATION WORKSHOP WILL PROVIDE AN INSIGHT INTO SIMPLE YET PROFOUND COMMUNICATION TOOLS THAT CAN BRING CONNECTION IN ANY CONFLICT, AND HARMONY IN ANY RELATIONSHIP.

We will explore the four pillars of non-violent communication (NVC) to:

- Find ways to express ourselves clearly, honestly and authentically
- Practice self-empathy to settle our own "stuff"
- Learn to pause and respond, rather than react
- Shift old patterns of blame, shame, criticism and judgement
- Practice listening in a way that helps others feel heard

Held in a comfortable, safe and supportive environment, participants will have the opportunity to work through a variety of practical activities, group work, role plays and real life scenarios.
